

# Hayward Parent Nursery School

Direction to the Future

In 2009, sweeping budget cuts have terminated many good educational programs in California.

The Hayward Unified School District terminated many quality programs.

HPNS was one of the many quality programs terminated.

The Hayward Parent Nursery School has served the families of Hayward and its neighboring communities for nearly five decades.

HPNS provides high quality education for children and parents of all income levels and walks of life.

It is no secret that parent involvement and support in school & community are essential for children's success in life.

The HPNS parent-participation program benefits all school systems.

HPNS is a grassroots family network encouraging & welcoming all contributing families.

HPNS and Hayward Adult School - Parent Education Department were partners for five decades.

HAS provided the classroom space and the directors salary thereby offering an affordable program to the community.

Since the partnership was severed, the HPNS families and teachers decided to carry on by finding a new space and obtaining private licensing.
